

Brick Campaign

Steelworks Park at the Steelworks Museum

Parallel to I-25, just north of the Steelworks Museum, the Steelworks Park is being created with historic CF&I artifacts including a Davenport Engine from the Allen Mine, ore carts, 10 and 130 ton ladles, rollers, a Karymor merry go round, and a larger than life bronze sculpture of a steelworker. These artifacts will be surrounded by trees, bushes, signs, benches and memorial bricks.

A purchase of a brick allows for you to leave a lasting testament to a loved one who worked so hard in the Colorado Fuel & Iron Company (CF&I) and its related operations.

Limited number available!

Tell your story at the Steelworks Park!

Please call the Steelworks Center of the West for information on Enterprise Zone Tax Credit contributions. If you have any questions about this project please contact Christina Trujillo, Executive Director, at 719-564-9086, ext. 109, or email christina.trujillo@steelworks.us Thank you for your support!
